The Late Election at Lander—Petit Jurors for the Term—General Notes.

LANDER, Wyo., May 19.—Probably the most exciting election ever held in Lander was the election held last Tuesday. There were three tickets in the field—Democrat, Silver and Republican—and there were not over twenty legal voters in town who failed to go to the polls. Among those who voted were one colored man and one Chinese man. The Democratic ticket was H. M. Farlow, mayor, A. Gracie and Henry Hoffmaster, councilmen. The Republican ticket was James S. Vidal, mayor, E. Amoretti, Jr., and George Jackson, councilmen. The Silver ticket was H. G. Nickerson and M. D. Weed, councilmen. The nominees for mayor on the silver ticket refused to take the oath of office at the moment, which left the silver men in a bad shape, though they made a good showing for the first trial. H. M. Farlow, Democrat, was elected mayor by a majority. Henry Hoffmaster (Democrat) and E. Amoretti, Jr. (Republican) received the highest number of votes for councilmen. Mr. Amoretti has the honor of being the first Republican elected in Lander since the first election, at which time party lines were not considered. Lander is in a bad shape, however, though the silver men say "we'll show 'em next time."

DEMOCRATIC PRIMARIES.

Delegates to the Democratic county convention were elected last Saturday evening in Lander. In precinct No. 1, E. E. Rice, S. A. D. Keiser, and G. R. Grimmitt were chosen. In precinct No. 2, Louis Poiré, James A. Couch, Ed. Langston, E. L. Callahan and J. C. Baldwin were chosen. The voters were instructed to vote for only straight up silver men as delegates to the state convention.

NOTES.

There is a call for a meeting at the Gazette office next Saturday night for the purpose of organizing Patriots of America.

Mrs. H. A. Earle and Miss Cooper started Tuesday for an extended visit in New York.

Neelson Yarnall came in from Du-bols on a business trip this week. He has been in the government employ at the Yellowstone park in winter.

The high school boys and the Lander band played a game of ball last Sunday, which resulted in a victory for the "school kids," the score standing 4 to 28. The team that played much better than ball, and should not get above their business.

The petit jurors drawn for the June term of the district court at Lander are as follows: George Hornick, E. P. Dickinson, W. B. Cropper, Jr., E. E. Cook, W. F. Chalmers, A. Gersie, R. S. Warnock, J. B. Houghton, J. A. Mc-Avey, W. Kilborn, W. N. Coalter, Geo. G. Harris, G. O. Meyers and Dave Espey of Lander; S. P. Meera, Lewiston; George West, Dubois; William W. Wal, J. J. Martin and Samuel Leckie, South Pass; William H. Steers and Thomas Shockey, Milford; J. T. Huff, Atlantic; Ed. Young, Dallas; William Long, Denham.

Mr. and Mrs. W. N. Coalter entertained a number of friends at progressive whist last Saturday evening. George Baldwin and E. H. Fourt returned from Green River last Saturday. It took them just one week to go from here to Green River, win a law suit, and get back.

Dr. L. H. Callaway escorted the Lander band around town on election evening, calling on the newly-elected officers, and a few of our citizens bringing up at the Cottage Home hotel, where the doctor made the band a neat little speech and presented the boys with \$15 as a token of his appreciation of their music.

Three freight outfits loaded with placer mining machinery for the Boston outfit passed through Lander on Saturday for the upper Big Wind river country. It begins to look as though something was going to be done up there this summer.

Huntington News Notes.

HUNTINGTON, Emery Co., Utah, May 18.—The health of the people here is good.

The weather is cold and windy, and frosts at night. Fears are entertained by some that our fruit crop is killed entirely. Cropping about done.

Last night our people were entertained and instructed by the L. I. Palmer Family Variety company, and

the universal verdict is that it is the best traveling company that has visited us for some time. Mr. Palmer has spent some time in New Mexico and Arizona exploring the ancient ruins of those parts, and has with him many curiosities, the most prominent of which is the body or mummy of a full grown man about three feet long. Our local population is progressing fairly well. Mr. H. S. Lovelace, sr., has just been appointed marshal.

A Payson Burglary.

(Special to The Herald.)
PAYSON, May 19.—Bishop Page's store was burglarized last night and robbed of jewelry and show case goods to the amount of \$150. The entrance was made through a back window, the door being found open this morning, having the appearance of being opened from the inside. There are no clues to the robbers, who are supposed to be tramp peddlars, who were seen around town lately.

NEPHI MAN HONORED.

NEPHI, May 19.—David Cazier, a pioneer of Nephi, is the proud recipient of a handsome bronze medal and diploma from the award committee of the World's fair for his exhibit of fine oats.

The medal is three inches in diameter and is encased in a beautiful aluminum case. On one face of the medal is represented Columbus in the act of landing on the shores of the New World, and on the other face is "Christopher Columbus, October 12, 1492," and on the other face is represented the hull of the great discovery vessel, the Santa Maria, bearing the following inscription:

"World's Columbian Exposition. In commemoration of the four hundredth anniversary of the landing of Columbus To David Cazier."

The oats for which Mr. Cazier received this prize were raised by him on his farm in Nephi, and the following remarks pertaining to them are copied from the diploma: "For the splendid sample of oats; yield, 60 bushels per acre; weight, 45 pounds per bushel."

Mr. Cazier received this prize only last week and he is very proud of it, as well he might be.

PROVO NEWS NOTES.

B. Y. A. Ball and Banquet—A Commencement Week of Great Interest.

PROVO, May 19.—The ball and banquet in the Southward hall last evening, given by the 1897 class of the B. Y. academy, was a grand social success. About seventy couples were present. The dance was held in the hall, the class is deserving of much credit for the manner in which the affair was carried on.

This being the commencement week at the B. Y. academy, the students and teachers are rushing things to their limit. Tomorrow will be field day, and it is expected a great many visitors from Salt Lake and other parts of the state will be here to witness the contest in field sports between the B. Y. A. boys and the Provo athletes. A game of baseball will be played between the Provo team and the academy team. The two academy football teams will also contest for honors.

William Paxman was arrested today for selling liquor without a license.

Water ship was arrested today for selling intoxicating liquors on Sunday.

A marriage license was issued yesterday to Merritt N. Pack and Miss Nancy A. Talbot, of the town of Kamas in Summit county.

There will be a leap year ball in the Second ward institute Friday evening of this week under the auspices of the Relief society.

The Young Men's Mutual Improvement association of the Second ward has closed its work for the summer season, having completed two full courses of study.

The young man who for excellent reasons refused to marry his daughter in police station as Richard Roe was very humble yesterday and paid a fine of \$5 for committing a nuisance Saturday night.

Walter H. Jost died yesterday at his parents' residence 511 Twenty-second street. He was a bright, lovable boy, just past 14, and his death will be sincerely mourned by many. The funeral occurs today from the family residence at 3 p. m.

The case against Alonzo Davis collapsed with extreme suddenness yesterday. The charge against him was petit larceny and there really seemed nothing on which to base the allegation, and he was discharged.

Hulanski he was detained some time. There is a powerful scene in "The Fool's Revenge" where the hunchback in his mad desire for revenge unknowingly delivers his own daughter into the hands of the man he is seeking to be avenged upon. Griffith gives this play tomorrow night and "Faust" tonight.

Tonight the doors of Hon. D. H. Peery's music hall will be thrown open and the public generally will be entertained therein. The admission fee is but a comparative trifle and the ladies in charge of the social event will spend the evening for the Free Kindergarten association.

In the Herald's report of yesterday's court proceedings the name S. C. Stephens should have been S. C. Stephens. By an unusual coincidence the error was made to express the fact of Stephens' own father—an error which is as annoying to this office as it is amusing to those who know the two gentlemen so well presented.

Deaths: A notable attraction there was a good sized audience in attendance at the Grand last night. "Pudd'nhead Wilson," as interpreted by Mayo is a unique play. Its like was never seen in Ogden before. There are intense, dramatic situations and pathetic scenes just as in other plays. The quaint, witty sayings worked into the dialogue seemed to stick in people's memories, and they laughed at the wit on the way home as much as during its progress.

WHAT MAY BE DONE.

Member of the Reform Committee Expresses His Views.

OAKLAND, Cal., May 19.—Captain Robert Mlen, a well-known engineer, who was among the members of the reform committee arrested at Johannesburg and accused of treason, has written a letter to friends in this city explaining the situation and giving his views on the final outcome of the trouble. He is an intimate friend of John Hays Hammond and of Harry Hayden of this city, who are in South Africa.

The captain has no faith in Boer justice, as is indicated by his letter. Writing from Johannesburg under date of April 11, Captain Mlen says: "The general impression as to what the outcome will be is that about half the committee will be let off free. All others will save Phillips, Rhodes, Farrar and Hammond will be fined lightly. These four will have a heavy fine and be imprisoned, and after a month or two of imprisonment they will be banished from the country. A judge from our neighboring state, the Orange Free State, was selected by the government to preside at the trial. The jury will be entirely bourgeois of the country (Boers) and will probably be the most unintelligent lot of men who ever formed a jury in a civilized country. The outcome is awaited with acute interest here, as all interest is at a standstill."

HOW BUSINESS IS.

Yesterday, in conversation with Postmaster Isaacs, about the condition of trade and business, that gentleman remarked that notwithstanding the talk about hard times, the post-office receipts for the year ending March 31, were greater than at any time since the establishment of the office, with the single exception of the year 1891-2—the year of the "boom." At that time there was no free delivery system and, consequently, the rental from boxes was much larger.

Now, the condition of the postal business is generally conceded to be about the best indication known as to prosperity amongst all classes. It is the one business which comes in direct touch with all sorts and conditions of people. Especially is it true of all classes, except the wealthy, as they are more apt to use the postal service than the rich, and to some extent the telegraph for the mails. However, here in Ogden the records of the postoffice show that more money was sent through the mail, more pieces of mail larger handled, than any year except the one noted.

This certainly does not justify the lugubrious talk about hard times, which some people indulge in so loudly and so frequently.

It may be remembered that some time ago, this department published a statement from the representative of the great commercial agencies to the effect that business here really made a substantial improvement and that much of the talk about hard times was really due to force of habit. Furthermore about two months ago a member of the business community here, who had been in the retail dry goods stores in Ogden told the writer that his company had had one of the best trade years since its establishment. He said that he might be charged with the statement, being continually made that prosperity under present conditions is impossible.

SECOND DISTRICT COURT.

Judge Hiles occupied the bench yesterday and made a few orders. Judge Rolapp being still engaged in hearing the Morris case at Salt Lake.

The court announced a decision giving the plaintiff judgment of \$64 and assessed the costs on the defendant in the case of W. P. Thompson vs. T. Monahan.

Mathilda J. Kendall vs. Joseph Kendall; default of the defendant was entered, and decree of divorce was granted.

S. C. Stephens et al. vs. Sidney Stevens; voluminous evidence was put in and arguments were heard in the afternoon.

AMERICAN MURDERED.

He Met His Death at the Hands of Foreigners.

NEWARK, N. J., May 19.—Miles L. Kinney of this city, connected with the Honduras Trading company of New York, has just reached home after a trip to Honduras, and brings news of the murder of an American named Walton E. Stalee. Mr. Kinney met Stalee on board a ship while bound from New Orleans to Honduras. On arriving at Puerto Cortes they landed and traveled together about thirty miles inland. Then Mr. Kinney went forward to the interior while Stalee was to go into the mountains. This was in September last.

Two weeks ago Mr. Kinney passed through Puerto Cortes again on his way home and there met William Little, the American consul, who informed him that his companion on the inland trip had been murdered. The body was found dead not far from Puerto Cortes with a bullet hole in his head. He is supposed to have been robbed, as he is known to have had \$6,000, and this was not found on him when the body was discovered. Stalee was a brother of John Stalee of New Brunswick. He had not been here since 1864. For a number of years he was engaged in carrying the mail for the government between two posts in the west. He also served as a scout under General Custer.
